

## **Cyndy Paige of RHYTHM OF THE EARTH, Invites you to Create a Medicine Wheel Frame Drum in a Sacred Way**

**May 18 and 19, 2024**

**10am-6pm on Saturday and 10am-5pm on Sunday**

***A drum is a powerful tool that can be used for honoring Spirit, healing, clearing, and generating energy.*** Do you

yearn to be part of a sacred circle of like-minded souls who bring their hearts together in an ancient way to create, play, eat, dance, laugh, share, and support each other? During this non-residential retreat weekend, we will use the process of journeying and dreaming to assist you in developing a deep

relationship with the drum you are birthing. You will journey to the heart of your new drum and ask it how it wishes to manifest its journey on its Earth walk. ***Is it a personal medicine tool, a community tool, or a healing tool?*** In the process of birthing your drum, it is possible to experience a deep transformation and an initiatory-type integration of your personal power. Cyndy and Spirit will guide you through all of the simple techniques of creating your drum.

**ENERGY EXCHANGE: \$550.00** which includes all materials to make a round 16" Sacred Medicine Wheel Drum with a Horse or Cowskin head, on a Canadian Cedar frame, and a beautiful custom beater. Other sizes and skins (Buffalo, Elk, and Deer) are available by request for an additional cost. The Animal Beings and the Cedar that becomes the sacred energy of your drum are honored during our process. The power of the symbol created by the lacing pattern (an 8-pointed star), and its connection with the Medicine Wheel of Life, will be revealed during our time together. **A \$200.00 deposit holds your space and is due immediately. Payment in full is due by May 1, 2024.** Click [here](#) or scan below to provide your deposit, then *immediately* email me to discuss drum specifics including size and skin.
