

A DAY OF SACRED CRAFTING

With Cyndy Paige, Founder of Rhythm of the Earth

April 6, 2024, from 10 am – 5 pm

Vass (Woodlake) NC

Join us to create Sacred Medicine Tools as a community. We will do ceremony, vision our projects, create our strategies for success, laugh, eat, and celebrate the beauty that unfolds from our hands and hearts. Bring your unfinished drum or rattle, or whatever else is lying around, and we will finish them together. Some folks want to start their rattles but know that this process requires 2 separate days. So, if you want to start a rattle, call me and let me know what shape of rawhide to soak for you (Bear, Buffalo, Wolf Howling at the Moon, Butterfly, Heart, Arrow, Eternal Flame, Full Moon, Crescent Moon). Also, bring your calendar and we will pick the second day to finish your rattle.

I will guide you as much or as little as you need. I have plenty of tools, lacing, beads, and feathers to create with or to add those finishing touches to your current Medicine Tool. Join us as we honor our sacred tools, and our visions.

- Start your rattle (this takes 2 crafting days)
- Cover the handhold of your drum with soft leather or fur
- Decorate your beater with leather and/or fur, or create a new one
 - Create a feather drop for your drum or rattle
 - Create a feather smudge plume
 - Create a leather medicine bag
